About This Game

The young rogue Bright has a demon heart which gives her supernatural powers. She is both blessed and cursed, for her heart makes her a target for the demonheart hunters. She must discover who is hunting her and turn the tables on them, while a certain half-demon is plotting to start the Apocalypse. On her journey, Bright reunites with old allies and meets new allies and enemies.

The trouble is, in this world it's often difficult to tell which is which.

Demonheart: Hunters puts an emphasis on player driven conversations, character development and romances.
